

Responsible Visitor Charter

Be a responsible visitor - Six things you can do to help save the planet

We are undertaking the following actions in order to achieve this:

1. **Conserve Energy** - Reduce energy by switching off lights and closing windows if your heating is on. More information is available from The Energy Saving Trust on what you can do at home.
2. **Shop Locally** - Use local products, they give you a flavour of the area and help support local communities. Further information regarding farmers markets can be found www.farmersmarkets.net
3. **Reduce, Reuse & Recycle** - Try to avoid overly packaged goods and if possible say no to that extra carrier bag. Try and recycle any waste you have at home.
4. **Be Water Wise** - Use Water wisely. Turn off the tap when brushing your teeth and adhere to hotels towel policies or other water saving initiatives.
5. **Respect Nature** - Help us look after our landscape and wildlife by not littering, guarding against fire and using footpaths and cycle-ways responsibly.
6. **Support Green Tourism Businesses** - There are hundreds of businesses trying to reduce their environmental impacts through the Green Tourism Business Scheme. Businesses are awarded Bronze, Silver and Gold for their efforts to be more environmentally responsible.

And most importantly have a great time when you are here, we'd like you to come back!
